overström

First choice for education and healthcare

Built at an ideal height for both adults and children the B3 also features an ultra-hygienic touch-sensitive control panel, the biggest dispense area in its class for bottles and a tamper-proof rear cover guard for safety.

Reasons to choose

- Ultra-hygienic touch sensitive control panel
- High-capacity dispense area for bottles and jugs
- Integrated cup dispenser
- Sealed, hygienic, direct-chill cooling system
- Sparkling water option

Borg & Overström Totality™

Driven by a relentless pursuit of excellence, Borg & Overström Totality™ is a research and development methodology for the advancement of hygiene, innovation and technology in refreshment systems.

Biofilm, limescale and impact resistant epoxy resin panel finish

Providing an increased level of hygiene and longevity, Fynil™ is a scratch and impact resistant epoxy-resin surface finish - effectively resisting biofilm development and limescale cohesion.

World-class filtration

For the ultimate drinking experience, Borg & Overström appliances can be pre-fitted with a 3M filter to reduce sediment, chlorine, odours and scale.

Laboratory certified 99.999% bacteria-free

Every Borg & Overström appliance undergoes an anti-microbial, antipathogen, sanitising procedure. The reassurance of hygienically safe appliances is provided by the unique bacteria-eliminating process, Sterizen™.

Ultra-violet sterilising system

For added hygiene confidence, appliances can be fitted with Viovand™ – an ultra-violet sterilisation process that reduces water-born bacteria.

Additions for B3

Distinctive
by design.

Cup dispenser blanking panel
Replacement top panel for situations where an integral cup dispenser is not required.

Printed paper cups
Environmentally-friendly disposable cups designed to fit Borg & Overström cup dispensers perfectly.

Deep Sparkle™ CO² refills
Can be disposed via standard steel recycling or general waste. Requires CO² regulator with gauge.

Sanitisation kit
Six monthly sanitising cycles ensure appliances function at the optimum hygiene levels.

Waste kit overflow sensor
Featuring an audible high-water level alarm to prevent the waste tank from overflowing.

Leak detection kit
Featuring a moisture sensor that shuts the water supply in the unlikely event of a leak.

Install kit with 3M filter
Install appliances simply and effectively in a wide range of applications. Complete with a 3M filter.

Ultra-violet filter kit
Complete Viovandit™ filter kit to assist in water purification and removal of unwanted micro-organisms.

Wall bracket kit
For added security, use the wall bracket set to anchor your watercooler back to the wall. Simple to fit and unobtrusive.

Rear cover kit
Tamper-proof rear cover anchors the appliance to the wall and protects plumbing and electrical connections. Ideal for public areas.
